Interpreting Your edTPA Score Profile

Your edTPA Score Profile provides your results and a description of your performance for the assessment that you submitted.

1 Score Summary
The most recent scores you have earned on this assessment across all attempts.

2 Rubric Score
This column displays your score for each edTPA rubric. These scores may be reported as an average, as more than one scorer may score your portfolio.

Note: If your score is a letter (e.g., “A”), and not a number, the submission could not be scored due to one of the conditions listed in the “Condition Codes” in the Submission Requirements document on the Candidate Policies page at www.edTPA.com.

3 Total edTPA Score
The total is the sum of all rubric scores. In the case of a .5 score at the Total edTPA Score level (e.g., 39.5), the Total edTPA score will be rounded up to the next highest whole number (e.g., 40).

Note: Rubrics without a numeric score are not included in the Total edTPA Score, and Portfolios receiving two or more condition codes within the same task will be considered “Incomplete.”

4 Average Rubric Score
The average score is calculated by dividing the Total edTPA Score (unrounded) by the number of scored rubrics.

Note: Rubrics without a numeric score are not included in the Total edTPA Score.
Condition Codes

The following table identifies the possible condition codes. Complete descriptions of these codes are available in the Submission Requirements document on the Candidate Policies page at www.edTPA.com. Note that Condition Code descriptions were updated for the 2015–2016 program year.

Incomplete Status

Effective October 22, 2015. Portfolios receiving two or more condition codes within the same task will be considered “Incomplete.” The following scoring rules will be applied if you receive two or more condition codes within the same task:

- All scored rubrics with the rubric score value and any condition code indicators will continue to be reported.
- Task Total will be reported as “Incomplete.”
- Total edTPA Score will be reported as “Incomplete.”
- Average Rubric Score will be reported as “Incomplete.”

You will be required to retake any task(s) reported as incomplete (receiving two or more condition codes within the same task) in order to receive a Task Total, Total edTPA Score, and Average Rubric Score.
7 Performance Description
This section describes your performance on each scoring rubric. Use this information to interpret your performance.
